

## **CUSTOMER PARKING VALIDATION**

The two-hour posted parking limit along Main Street, side streets and in Downtown municipal parking lots is intended to regulate parking in order to provide convenient customer parking. From time to time customers may exceed the posted limit. It is not our intent to penalize customers for spending time Downtown. Should a Downtown customer, client or patient exceed the two hour parking limit the Downtown Manchester Special Services District will request a waiver of any overtime parking ticket issued by the Downtown Parking Constable. To request a waiver the business owner or customer may submit the ticket to the District office at 983 Main St., Suite 10, either in person or by mail. The District will submit the ticket for waiver. .
